

APPLICANT/ GROUP:	Individual		
VALUE REQUESTED:	£954	VALUE AWARDED:	£715.50
RELEVANT HAVA THEME:	Training & Employment		
PURPOSE OF GRANT REQUESTED:	Training		
DATE AWARDED:	2018		
BACKGROUND TO GRANT APPLICATION:			
<p>I would like to make an application to allow me to gain a qualification in Level 4 Community Interpreting. This is my vocational course and a nationally recognised qualification which will provide me with the training to improve my interpreting skills, gain confidence and help my community.</p> <p>I am passionate about helping others and, as someone who came into this country in the 1980's, I understand how isolating a language barrier can be. For this reason, I have also started volunteering with the Red Cross as an interpreter helping people to integrate into their communities through language and cultural assimilation.</p> <p>After doing weeks of research I have eventually discovered this course and I am confident it will provide me with the most appropriate modules and the opportunity to develop specialist skills and to learn the professional aspects of interpreting.</p> <p>For example, with the legal, health and immigration systems. I am keen to then use these skills within the diverse and multi-cultural community that I live in (Hawksworth and the Vespers).</p> <p>As I am currently not working, the fee for the programme is a hinderance to me unfortunately, but once completed, this will substantially improve my employability and allow me to pursue a fulfilling & valuable career.</p>
