BACKGROUND TO GRANT APPLICATION:			
<p>I wish to apply for a grant to complete the ECDL course. This is an internationally recognised qualification that will develop my I.T and word processing skills.</p> <p>The benefits of having this qualification are that it will enable me to look for work which is more beneficial in terms of flexibility and pay grade.</p> <p>My work with the HAVA Board will also benefit as I will be able to help them with computer-based activities. This is something I have been keen to do but have been unable to without the training.</p> <p>The course is online and can be completed at my own pace. It does require me to start and finish within a 12-month period.</p>
