

Community Building within the Hawksworth Wood Estate

How would a Community Building allow us to deliver the **work** identified through the community profile and subsequent plan.

Currently there is no one building that HAVA can utilise to deliver the broad range of activity identified as needed through our three themes. Currently operating out of a single room office, we are unable to easily provide space to treat confidential matters or to work with groups of people. There are several buildings within the Hawksworth Wood Estate with different offerings but non-suitable to encompass the breadth of the work we have identified, to offer the maximum positive change for our community.

HEALTH & WELLBEING	EDUCATION & EMPLOYMENT	CRIME
FACILITY: Meeting room(s) space/ large hall	FACILITY: Meeting room(s) space/ large hall	FACILITY: Meeting room(s) space/ large hall
